

To our Swan Point Community,

As summer approaches, we here at Swan Point, are encouraged and pleased with signs that the Pandemic is finally loosening its hold on our community.

We would like to offer our most sincere thank you for bearing with us over the past year, adhering to the ever-changing guidelines that might have affected our ability to serve you, your family and friends. If you worked with members of our staff, or visited the grounds, we thank you for working with our staff in a safe manner.

With the state's easing of guidelines, I am happy to report that there are no longer restrictions on the number of attendees at services held here at the cemetery. The cemetery office, and public restrooms have reopened, and our chapels and reception rooms have reopened to full capacity.

As you plan services here at the cemetery, please recall that the cemetery offers extended hours for many of our services. Effective June 1 to September 30, services may be scheduled from 3:00 PM to 8:00 PM, Monday through Friday.

As you visit the cemetery this summer, we hope you enjoy the beautiful, tranquil grounds of Swan Point Cemetery.

Sincerely,

Anthony Hollingshead
President
